

Command Decisions Systems & Solutions, Inc. Awarded Five-Year Option Period on GSA STARS II Contract!

The 8(a) STARS II GWAC is a multiple-award, indefinite-delivery/indefinite quantity (IDIQ) contract designed to promote small business utilization when purchasing information technology (IT) services or IT services-based solutions for the federal government. The 8(a) STARS II program is reserved exclusively for qualified 8(a) small businesses.

Using 8(a) STARS II enables federal agencies to access 8(a) firms through an established contract vehicle instead of traditional, open market methods – saving time and taxpayer money.

The 8(a) STARS II design consists of two constellations: Constellation I, includes industry partners with competitive pricing and technical proficiency; and Constellation II which also requires an additional industry credential (e.g., CMMI, ISO, etc.).

Each of the 8(a) STARS constellations includes four Functional Areas (FA) designated by the North American Industry Classification System (NAICS):

FA1: 541511 – Custom Computer Programming Services

FA2: 541512 – Computer Systems Design Services

FA3: 541513 – Computer Facilities Management Services

FA4: 541519 – Other Computer Related Services

Prior to issuing orders under 8(a) STARS II, federal contracting officers are required to receive training on the use of the 8(a) STARS II contract to be granted a written delegation of procurement authority (DPA) from the GSA Small Business GWAC Center. Training is offered by GSA at no cost.

Under FAR 19.804-6(c), Command Decisions Systems & Solutions, Inc. (CDS²) may continue to accept new orders under a multiple award, multi-agency contract or Government-wide acquisition contract even after CDS²'s program term expires.
